

USB 3.0 All-in-One Keystone/Panel Mount Extension Cable (M/F), Angled Connector, Black, 1 ft.

MODEL NUMBER: **U324-001-KPA-BK**

Adds a USB 3.0 female port to a fixed location, such as a universal keystone wallplate, panel, podium or kiosk. Gives your conference room, classroom, home theater room or retail establishment a professional, clutter-free look.

Description

The U324-001-KPA-BK USB 3.0 All-in-One Keystone/Panel Mount Extension Cable allows you to terminate a USB 3.0 connection in a universal keystone wallplate or panel. Or you can use the included panel mount adapter to convert the female keystone jack port for installation in a motherboard, podium or kiosk. The angled connector makes the cable easy to install in tight spaces.

Ideal for giving your conference room, classroom, home theater room or retail establishment a professional, tidy look, this one-foot cable can complete an in-wall run and keep components out of sight in a closet or another room to eliminate cable clutter. It supports data transfer rates up to 5 Gbps.

Molded nickel-plated connectors with gold-plated contacts offer optimal signal transfer. Premium foil and braid shielding delivers reliable, error-free signal quality and protection from EMI/RFI interference. Integral strain relief ensures the cable and connectors last a long time. A rugged PVC jacket protects twisted 28 AWG data lines and 24 AWG power lines.

Features

Mounts a USB 3.0 Port in a Fixed Location

- USB-A female keystone jack connector snaps easily into universal keystone wallplate or panel
- Included panel mount adapter allows installation in motherboard, podium or kiosk
- Supports USB 3.0 data transfer rates up to 5 Gbps
